To help the government fight the funding of terrorism and money laundering activities, the U.S.A. Patriot Act requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. What this means for you: when you open or change an account, we will ask for your name, physical address, date of birth, taxpayer identification number, and other information that will allow us to identify you. We will ask to see your driver's license or other identifying documents.

Effective May 11, 2018, we are required to ask for the name, address, date of birth, social security number, and other information that will allow us to identify the beneficial owner(s) and control owner for each legal entity account. You will be required to certify that this information is true and accurate to the best of your knowledge. We will let you know if we need any additional information.
