Our Business Rates & Service Charges disclosure explains current terms, rates, and service charges applicable to the savings, checking and certificate accounts we offer. We may offer other rates and require other service charges or amend the rates and service charges as explained in this disclosure from time to time. Each owner on an account agrees to the terms described in this disclosure and acknowledges that it is a part of the Business Member Service Agreement (BMSA).

Rates for Business Savings, Checking and Certificate Accounts

Effective Date:	Dividend Rate	Annual Percentage Yield	Minimum Opening Balance	Minimum Balance to Earn APY	Minimum Balance to Avoid Service Charge	Dividends Compounded & Credited	Dividend Period
10/12/2018							
Business Savings Account	0.30	0.30%	\$1	\$100	n/a	Quarterly	Quarterly
Business Basic Checking Account	n/a	n/a	\$100	n/a	n/a	n/a	n/a

Business Analysis Checking Account	n/a	n/a	\$500	n/a	n/a	n/a	n/a
Certificate Account							
6 month	0.993	1.00%				At Maturity	At Maturity
12 month	1.65	1.65%				At Maturity	At Maturity
15 month	1.743	1.75%				Quarterly	Quarterly
18 month	1.846	1.85%	\$500	\$500	n/a	Semi-Annually	Semi-Annually
24 month	2.10	2.10%				Annually	Annually
36 month	2.35	2.35%				Annually	Annually
48 month	2.45	2.45%				Annually	Annually
60 month	2.75	2.75%				Annually	Annually
72 month	3.00	3.00%				Annually	Annually

¹You must maintain a minimum average daily balance of \$2,500.00 in the account to avoid a minimum balance charge. If during any monthly statement cycle, the account balance falls below the required minimum daily balance, the account will be subject to a minimum balance charge of \$15.00 for that month.

Explanation of Business Rates & Service Charges

As explained in the BMSA, Our Rates & Service Charges disclosure applies to all accounts we offer. Except as specifically described, the following terms apply to all of the accounts we offer

1. Rate Information

The Dividend Rate and Annual Percentage Yield on the accounts are set forth above. For all accounts except certificates, the Dividend Rate and Annual Percentage Yield may change at any time as determined by the Board of Directors.

The Dividend Rates and Annual Percentage Yields are the prospective rates as of the effective date shown above. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

3. Compounding and Crediting

Dividends will be compounded and credited as identified above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to an account you have with us. If you terminate the account before accrued dividends are credited, accrued dividends will be paid.

5. Balance Information

The minimum balance required to open each account and earn the stated Annual Percentage Yield is set forth above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all accounts, dividends are calculated using the Daily Balance method, which applies a daily periodic rate to the balance in the account each day.

6. Account Limitations

For all accounts except checking accounts, no more than six (6) preauthorized, automatic, or telephone transfers may be made from these accounts to another account you have with us or to a third party in any month. If you exceed these limitations, the account may be subject to a service charge or be terminated.

7. Certificate Account Features

a. Account Limitations

After you start the account, you may not make additional deposits to a Certificate account.

b. Maturity

The Certificate account you have with us will mature on the maturity date identified on the Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty

We may impose a penalty if you withdraw any of the principal of the Certificate account before the maturity date. You are allowed to withdraw dividends earned before maturity without penalty.

i. Amount of Penalty. The amount of the penalty depends on the term of the certificate account. For accounts of one year or less, the penalty is equal to 90 days' dividends on the amount withdrawn. For accounts of greater than one year but less than 36 months, the penalty is equal to 180 days' dividends on the amount withdrawn. For accounts of 36 months or more, the penalty is equal to 365 days' dividends on the amount withdrawn.

ii. How the Penalty Works. The penalty is calculated as a forfeiture of dividends earned or to be earned. If earned dividends are insufficient to cover the penalty, or have previously been withdrawn, the penalty will be deducted from the principal.

iii. Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an owner on an account dies or is determined legally incompetent by a court or other body of competent jurisdiction.

d. Renewal Policy

Certificate accounts are automatically renewable accounts. Automatically renewable accounts will renew for another term upon maturity. You have a grace period of ten days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.

e. Nontransferable/Nonnegotiable

The account(s) you have with us is/are nontransferable and nonnegotiable. This means that an account and the funds in the account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

8. Business Analysis Checking Account Disclosure

Account analysis is available on selected checking accounts. If the account is subject to account analysis, we will calculate an earnings credit that is applied against transaction or service charges (not including merchant credit card fees) incurred on the account. First, service charges incurred during the month are totaled. Second, the earnings credit allowance is calculated using the earnings credit rate and the average monthly collected balance. The following formula is used to calculate the earnings credit allowance for the month: Average monthly collected balance x earnings credit rate/365 x days in month. The result is the earnings credit allowance for the month. Third, the total service charges are then subtracted from the earnings credit allowance to determine the net charges for the month. If the earnings credit is less than the amount of charges incurred for the month, the difference will be charged to the account. However, the earnings credit is not interest and is used only to reduce charges. If the amount of the earnings credit exceeds service charges that have been applied to the account, the difference is not credited to the account, carried forward, or paid to you. Our current earnings credit rate is based on the 3-month Treasury Constant Maturity Rate. This rate is subject to change at any time without prior notice. If you close the account before earnings are credited, the accrued earnings will be used to offset any service charges you must pay. There is a \$15 monthly maintenance charge on this account (offset by any earnings credit).

Our Business Service Charges

Checking Accounts

Hold/Stop Post-dated Check	\$18.50 per check
Check Printing Charge	charges may vary
